

# FOUNDATION TRAINING PROGRAMME ON THE PRACTICE OF ECOLOGICAL RESTORATION WITH INTERNATIONAL (SER) COLLABORATION

Conducted by BNCA in collaboration with SER ([www.ser.org](http://www.ser.org)), the leading international organization on ecological restoration, and Junglescapes. Programme will introduce participants to the principles, concepts and practice of ecological restoration, through indoor sessions, site visits, hands-on field training and web-based inputs from international experts.

**Who is it for?** For anyone who is interested in Ecological Restoration including students, academicians, professionals, and NGOs (Landscape Architects, Ecological restoration practitioners, Ecologists, Environmental science graduates, landscape contractors, plant nursery owners, botanists, etc.)

**Medium of instruction:** English

Ecosystem degradation has emerged as one of the major challenges worldwide, threatening biodiversity as well as the delivery of ecosystem services. Most degraded ecosystems are beyond natural recovery and in need of urgent restoration intervention. Recognising this, the UN has declared the decade of 2021-30 as the Decade on Ecosystem Restoration.

## FEES

₹ 26,500 /-

(INCLUSIVE OF GST)

## COST FOR FIELD VISITS

As per actual.

## SER MEMBERSHIP :

# FOUNDATION TRAINING PROGRAMME ON THE PRACTICE OF ECOLOGICAL RESTORATION WITH INTERNATIONAL (SER) COLLABORATION

## Reflections from Alumni Batch 2020

" I found interactions with all the faculty very useful. This course has given me mentors for life! Every doubt was patiently answered. The experience was enriching interacting with an inter-disciplinary group of people. "

**Prerna Agarwal**  
Ecologist,  
Ecosphere Connect

" It was a fantastic experience to mingle with like minded people and learn from experts who have had hands-on experience in the field . "

**Ritu Gavandi**  
Environment Enthusiast.  
and Liberal Art Expert

"It was a great introduction to the practice of restoration, and it was great getting to meet many of the professionals in the field from around the country. "

**Nick Nugent**  
Carbon & Sustainability  
Expert

" Experience was awesome, so informative and it's change my perspective to see the nature. "

**Pravin Pawar**

Horticulture and Softscape Execution Expert

**Shraddha Katke**  
Landscape Architect

" Was curious about the Ecological field, the course turned out to be very apt and relevant for a basic and fundamental understanding of ecological restoration field. Having said so, it also emphasised the importance of working with an experienced practitioner to learn in-depth the detailed but very significant knowledge required for a practitioner. In the indoor sessions, the team work tasks were excellently structured and were surely enjoyably at the same time. Very happy that i participated and was a part of this course. "
