

Multilateral Memorandum of Understanding
Concerning cooperation among UNAI Hub Universities

November 4, 2016

[Signing completed on January 16, 2017]

I. Purpose

Handong Global University will create a network among United Nations Academic Impact Hub universities/organizations to enhance inclusive global partnership in researches and activities under the shared value of Global Citizenship Education for all.

II. Main objectives

The main objectives of establishing the network are to

- promote an integrated system of research, training and activities among UNAI hub universities/organizations, in furthering inclusive support for a UNAI commitment for ten basic principles
- provide a collaborative global platform to embody UNAI principles and to encourage the voluntary engagement of membership universities and all institution of higher education.

III. The scope of the cooperation

The activities of the cooperation pertain to

- enhancing inclusive partnerships among UNAI Hub universities and membership institutions by holding meetings on a regular basis. The ten hub universities pursue the aims of
 - higher education opportunity for every interested individual
 - intercultural dialogue and understanding and the unlearning of intolerance
 - sustainability
 - addressing poverty
 - peace and conflict resolution
 - global citizenship
 - capacity-building in higher education systems
 - education opportunity for all
 - human rights
 - commitment to the United Nations charter
- establishment of mutual / multilateral joint program and student/faculty exchange

program under the spirit of United Nation Academic Impact

- promoting local engagement and civil society awareness through activities of United Nations ASPIRE(Action by Students to Promote Innovation and Reform through Education) so that the impact of the activities will be feasible and realistic.
