

Hands on Workshop
BNCA Pune Ferrocete Workshop
19th October 2022

A one-day Ferrocete Workshop was organised by the Archineering cell. The students of Third year B.Arch prepared planters by using the construction materials which are used in the ferrocete construction activities.(Cement ,Sand ,Aggregates ,GGBS,Super-plasticizer,Chicken Mesh,welded Mesh ,TOR steel bars).

GGBS is used as a replacement of cement in variable percentages.

The Cell worked out an intense workshop with a combination of classroom sessions and hands on experiences at BNCA construction yard for a group of 30 students.

The programme was enriching for the students in terms knowledge and understanding of hands -on experiences regarding ferrocete structures.
