

SUPRIYA DHAMALE-GHADGE

Architect | Assistant Professor

Profile

I am Supriya Dhamale, an Architect and an academician, specialised in Computational Design in Architecture. I have perused Masters in Digital Architecture.

I truly believe that by encasing given design rulesets into computational framework, we can create emergent, generative designs and systems at much ease and in innovative manner. With my knowledge on both functional aspects of architectural design and deep understanding of computational tools for building analytics and simulation, enables me to put something new to the table every time.

I have 2 years of professional experience and 5 years of academic teaching experience. I joined BNCA in December 2019.
