

SURABHI GADKARI

ARCHITECT
TUTOR
DESIGNER

BIO

As a tutor , my primary focus is equipping students with the appropriate technology, design knowledge and dexterity to reach a global market. The focus is to increase exposure to the surroundings and develop a curiosity for the urban environment and beyond.

As a designer, I work on interior design, residential and commercial design projects including graphic designing outsourcing of marketing material.

Currently , a PhD research scholar focusing on study of neighbourhood characteristics and psychological needs of residents in urban cities.

Surabhi Gadkari, an alumni of BN College of Architecture has completed her Master's in Digital Architecture from SPPU and participated in an Erasmus Exchange Program at Politecnico Di Milano, Italy.

She has worked with Ar. Krishnarao Jasim in Bangalore and Ar.Habeeb Khan in Nagpur, before joining BNCA as a faculty member.

Her expertise is in teaching Design tools, Explorations with softwares, visual communication and graphics in Architecture.

She is the co-founder of Tenby10 Design Solutions, a collaborative design firm which works with Real Estate companies for space planning, digital marketing and branding strategies.

She is currently working as the Head of Department and Assistant Professor at BNCA. She is also the Co-ordinator for the International Cell, Tours and National Service Scheme.

She believes in the assertion of role of design in societal growth and strives to create a holistic approach to design by generating curiosity in the learner by using a practical approach to design and emphasizing on experiences.
